LSU iOS App Boot Camp 2013

August 5 - August 15, 2013

Learn your iOS ABCs!

Resources
▷ **Tutorials/Guides**
▷ **2012 Slides/Links**
▷ **2013 Schedule**

The LSU Center for Computation & Technology (CCT) will host the LSU iOS App Boot Camp for its third year, August 5 - August 15, 2013, (10 day camp not including Sunday), on the LSU Campus. This educational experience will offer participants the opportunity to gain knowledge while enhancing their entrepreneurial spirit. Participants will work in groups to create their own functional iOS app and have it loaded on their personal device by end of camp. The course will be taught by LSU faculty who push the boundaries of mobile applications in computer science and digital media fields. Post-camp programs to expand and hone new skills will also be offered.

Register Now!
iOS
App Training

During the iOS App Boot Camp, participants will work hands on, individually, and in groups to:
• Be introduced to the MAC Operating System, iOS Software Development Kit, and Xcode.
• Learn iOS application development processes and techniques while working on personal projects.
• Test, refine, and improve upon their new developer skills.
• Create an application of their own design that will be deployed on their own iPhones, iPods, or iPads.
• Be introduced to mobile applications' business market, trends and opportunities.

Registration Fee: $300.00 LSU undergraduate students
$450.00 LSU graduate students and LSU faculty/non-LSU students/LSU Alumni
$600.00 Others
Participants are responsible for their own transportation, lodging, parking, and meal costs. **CLICK HERE to REGISTER!**

Prerequisites: Understanding of general computer use (Windows, Linux or Mac); interest in learning and creating new technologies. Prior programming experience is beneficial but not required. Click here for a listing of pre-bootcamp guides and/or tutorial information. Participants are encouraged to bring their own Mac Laptop to class, as well as their iPhone/iPod/iPad. The CCT will provide loaner laptops for in-class use to participants who do not bring a Mac on a first-come, first-serve basis. As these resources are limited, participants must request one when registering.

Post-Camp Assistance: After the camp, you can participate in a series of Mobile App|Art|Action Group meetings, presentations, and workshops led by the LSU CCT.

Dorms: Housing is available for participants of the LSU CCT iOS App Boot Camp for a cost of $33.00 per night per person (linen-package included) in one designated residential hall for the nights August 5-August 14. Beginning August 15, students who have a fall assignment in a residence hall will have Early Arrival status, allowing them the ability to move to their fall assignment for a cost of $184.00 ($26.23 per day--total due rounded to the nearest dollar) billed through August 22 (early arrival charges will be posted to fee bills after the first day of class). Early arrival FAQs coming soon!

Parking: Persons utilizing a vehicle while residing on campus for the duration of the program or persons driving to campus daily will need a LSU parking permit. If you do not have a valid permit, please visit the Parking Office to purchase your permit.

Cancellation/Substitution Policy: Cancellations received and post-marked prior to July 8 will receive a full refund. After July 8, no refunds will be issued. Substitutions will be permitted.

For questions or other comments, email kjones (at) cct.lsu.edu.

"The whole staff was wonderful - kind, smart, and super helpful plus patient…..I now know I want to major in digital media and could possibly intern at some cool places!" Anonymous

"This is the best class I have taken at LSU barnone. I learned so much and can't wait to keepcoding. Every group had a working app at theend, which for a group of non-computer majorsand no programming experience was an absolutelyincredible experience." Anonymous
