Special Guest Lectures

From research to technology, a career perspective on challenges and opportunities**Dr. Frank Lee, Architect & Technical Advisor for Life Science**

IBM Technical/Platform Computing Worldwide

Frey Computing Services Center 307

July 16, 2013 - 09:30 pm

Abstract:

Dr. Lee will share insight about his career path from a researcher to a technologist in the IT industry. He will also discuss his latest work on technical computing and its application in genomic medicine. Finally, he will highlight trends and opportunities for working within and collaborating with IBM.
